

Guideline for OMR

Correct OMR sheet filling	Wrong OMR sheet filling
 <p>The image shows a correctly filled OMR sheet. The student ID is 01049171, Test ID is 011228, Presently in is class XI, and Date of Birth is 04/11/13. The answer bubbles are filled with black ink. The sheet is divided into three sections (I, II, III) and each section has three parts (A, B, C). The student's name is CHARMS DEDHA and the test center is ANHURI. The sheet is marked with four red circles at the corners, indicating index points.</p>	 <p>The image shows an incorrectly filled OMR sheet. The student ID is 11231783, Test ID is 011228, Presently in is class XI, and Date of Birth is 04/11/13. The answer bubbles are filled with blue ink. The sheet is divided into three sections (I, II, III) and each section has three parts (A, B, C). The student's name is CHARMS DEDHA and the test center is ANHURI. The sheet is marked with four red circles at the corners, indicating index points. There are several red circles and an 'X' mark on the answer bubbles, indicating incorrect filling.</p>

Guideline for OMR

- OMR answer sheets must be filled by Blue or Black Pen only. Use of pencil to mark bubbles is strictly prohibited.
- Do not partially fill or mark those bubbles outside its demonstrated areas.
- Four dots are present at the corners of OMR answer sheets called as "Index Points". No scribbling of pen or pencil is allowed around its area (as highlighted in given picture). If any scribbling is found, that answer sheet will be strictly rejected and debarred for calculation of its result.
- Marking of multiple bubbles is allowed only of MCQ's. If you mark more than one circle in a single choice question the answer will be considered as being wrong.
- Do not make any stray marks on the OMR Sheet.
- Do not pin or staple anything with the OMR Sheet.
- OMR sheet should not be punched or tied.
- The OMR sheet should not be folded.
