

## **TIPS BY SONALI for 10<sup>th</sup> appearing S.S.C students** **96.46%**

- Write answers to the point
- While writing the board paper, just concentrate on one question at a time.
- Keep your paper neat and clean
- English: Decide your 4 out of 8 types of writing skills in the beginning of the paper
- Science 1: In numericals choose your 2 options wisely so that you can solve them perfectly.
- Science 1 & 2: Try and elaborate your answers with the help of diagrams.
- Social Science: Prefer writing answers from the text books rather than guides.
- Mathematics: Rather than writing extra questions re check your previous calculations.
- Geometry: Be extra careful in proof writings. Name the points such that they correspond to the figures in the question.
- Don't believe in any kind of rumors which create panic. Have faith in yourself

### **Her feedback about IIT ian's PACE after 1 year**

When I decided to prepare for JEE the only name that flashed in my mind was IIT ian's PACE .Most of my school seniors who joined PACE crack the JEE with flying colors. Taking inspiration from them I decided to join PACE only. Today I am extremely happy with my decision of joining PACE after experiencing the quality of PACE .Extremely experienced and dedicated teachers, good library sessions and perfect atmosphere to crack JEE are few of the many salient features of PACE and I strongly believe that it will help me also .
