

Reference Projects are for Guidance ONLY

→ Students can consider reference projects for the heading and content guidance to make their allotted project topics.

→ Please check the link given at the end of this page.

S.N.	Allotment Project	Reference Project Name (for guidance only)
1	A research on effect of ecosystem on endangered species – Turtle	Project 1 - A research on effect of Ecosystem on Endangered species
2	A research on effect of ecosystem on endangered species – Tiger	
3	A research on effect of ecosystem on endangered species – Panda	
4	Air pollution during festivals in your locality	Project 2 - A survey of vehicle owners about their awareness regarding PUC"
5	Air pollution during festivals in Mumbai	
6	Sewage disposal.	Project 3 - Attitude of citizens towards cleanliness
7	Attitude of citizens towards cleanliness in your locality	
8	Conservation of electricity by using energy efficient appliances	Project 5 - Conservation of Electricity by using Energy Efficient appliances
9	Beach pollution in Mumbai	Project 3 - Attitude of citizens towards cleanliness
10	Deforestation decreases with enhanced awareness about forest conservation	Project 6 - Deforestation decreases with enhanced awareness about forest conservation
11	Restoration of forest by saving mangroves	
12	Fossil fuel is not forever	Project 10 - Impact of use of plastics on the environment
13	Ecofriendly advertisements promoting green and clean environment	Project 7 - Ecofriendly Advertisements Promoting Green and Clean Environment
14	Electricity consumption amongst the families of various economic strata	Project 8 - Electricity consumption amongst the families of various economic strata
15	Mosquito density versus urbanization	Project 11 - Mosquito density versus urbanization
16	Biogas plant	Project 4 - Biogas plant
17	Green house effect- a reason for global warming	Project 9 - Green house effect
18	Impact of plastics on marine life	Project 10 - Impact of use of plastics on the environment
19	Impact of plastics on the environment- soil	
20	Slums- a curse to urbanization	Project 11 - Mosquito density versus urbanization
21	Organic gardening	Project 12 - People value green surroundings as an important part of their well being
22	Depletion of ozone layer	Project 9 - Green house effect
23	E- Waste management	Project 14 - Solid waste
24	Rain water harvesting	Project 15 - Water conservation
25	Save river to combat water crisis	
26	Conservation of groundwater	
27	Green and clean environment – save Mithi River	Project 12 - People value green surroundings as an important part of their well being
28	Swatch Bharat Abhiyan	Project 3 - Attitude of citizens towards cleanliness
29	Impact of unhealthy practices of farming on environment	Project 6 - Deforestation decreases with enhanced awareness about forest conservation
30	Oil spill – A hazard to marine life	Project 14 - Solid waste
31	Impact of global warming in Arctic region	Project 9 - Green house effect
32	Rapid urbanization – a hazard to environment	Project 6 - Deforestation decreases with enhanced awareness about forest conservation
